I the atmosphere experienced here during the summer months, the lethargy produced by the heat quet perspirations reduce bodily energy, particulary those suffering from the effects of debilitating ity)f the system we must resort to artificial means. Forthis purpose Schenck's Sea Weed Tonic is very effetual. A few doses will create an appetite and give fresh vigor to the enervated body. For dyspepsiait is invaluable. Many eminent physicians have dotted whether dyspepsia can be permanently cutd by the drugs which are generally employed for thi purpose. The Sea Weed Tonic in its nature is totally different from such drugs. It contains no corrolve minerals or acids; in fact it assists the regular oprations of nature, and supplies her deficiencies. To tonic in its nature so much resembles the gastric juse that it is almost identical with that fluid. The attric juice is the natural solvent which, in a healthy codition of the body causes the food to be digested; an when this juice is not excreted in sufficient quantites, indigestion, with all its distressing symptoms fobw. The Sea Weed Tonic performs the duty of the gastric juice when the latter is deficient. Schuck's Sea Weed Tonic sold by all Druggists.

DISPATCH FROM GEN. HOWARD. SAN FRANCISCO, July 19.—Adjutant Gene-at, Washington:—The following just received from Howard: "Majority of the hostile Inlians have fled on Lolo trail to the Buffalo country; forced to go. Thirty five men, women and children in my hands-voluntary surrender. Please inform General Sherman and eastern pos's that I shall pursue two days in a direct line, the more to prevent reinforcements from Spokane country and vi-cipity or return of hostiles by that route. Green will punish the Indians on this route and southward. McDowell."

DISPATCH FROM LIEUT, KEELER, A. D. C. SAN FRANCISCO, July 19 .- The following is just received from my aid de-camp, dated Lewiston, July 17: "I left General Howard at Kamia at 8 o'clock last night. Joseph did not comply with the General's terms of unconditional surrender and investigation of his case by a military court. Seventeen warriors, including Red Hand, and twentyeight women and children, came in yesterday and delivered themselves up. They re port that many others will follow their example; that Joseph was forced by White Bird and other chiefs to accompany them; that want and demoralization among the late hostiles are very great, and that their destination is the Buffalo country, east of the Bitter Root mountains. The cavalry and volunteers are in vigorous pursuit. The war is practically ended apparently, Leaving two companies at Kamia to await the arrival of Green with his five, who is charged with affairs in this vicinity, Gen. Howard intends, as indicated in his dispatch of the 13th, to immediately collect all his remaining forces here, proceed to Hell Gate and settie Indian matters in that section. He apprehends that the fleeing hostiles may seek to

restore their fortunes in that country. "KEELER, A. D. C." "The foregoing communicated to the posts concerned in the division of the Missouri.

Not for Joseph. HIS OFFER OF SURRENDER AN "INDIAN

GIFT." The following is the full text of the despatch from General Howard, part of which was printed in yesterday's STAR:

CAMP MACBETH KAMIAH, July 15, 3:30 p. m.—Early this morning when a messenger reached me stating that Joseph wished to make proposals of surrender, I return d, leaving my column to proceed to a convenent haiting place, and I have some ne-getiations. I noticed by dust arising tha the I dians were in motion towarts some peint I had hoped to reach. I changed my plan, bringing in all but an observing force to cross at this point. Joseph has promised to break away from White Bird and give himself up to morrow. He said he was forced to move to day. The indications are that they have but little ammunition or food, and that they had sustained large losses of everything in their hurried crossing of the river here at our approach. I see evidences of the band breaking up, and shall pursue them a

A later despatch says that Joseph's movements subsequent to his proposition to Gen. Howard to surrender, have convinced Gen. Howard that the proposition was merely a ruse to gain time for the escape of his force.

IN DEFENCE OF CAPTAIN PERRY. Aide de-camp Keeler has sent a dispatch to Gen. McDowell, San Francisco, saying The statement in a local paper of the affair in Cotton wood on the 5th instant, to the effect that 17 citizens were surrounded by Indians and the troops under Col. Perry refused to go to their relief for an hour and a haif is a wicked falsification. The troops, 113 in number, were themselves outnumbered, environed and attacked by the Indians, but, nevertheless, were sent instantly a mile away to the rescue, which was accomplished within 20 minutes, and not only was the life of every man in the command risked, but the safety of a most important position and a large amount of ammunition and other stores. The accounts published originated with one Orrin Morrill, of Lewiston, who was at Cotton wood at the time, but who, although armed, remained ensconced in the little for ification there, instead of going with the soldiers to the aid of his imperiled fellowcitizens. Other citizens who were present agree with the officers in this statement of facts. The conduct of the officers and men, under the most trying circumstances, has been particularly good. They have justified all reasonable expectations. The campaign has been successful."

POPULAR SUBSCRIPTIONS TO THE FOUR PER CENTS .- The complete subscriptions to the four per cent. consols of 1907 as reported to the Treasury department are as follows: Washington, \$659,500; New York, \$2,591,500; Phi'adelphia, \$145,650: Baltimore, \$120,950; Boston, \$738,000; St. Louis, \$137,356; Chicago, \$391,000; New Orleans, \$205,000; Cincinnati \$929,800; San Francisco, \$63,100; total. \$5. 982,500; syndicate, \$60,000,000; grand tolai,

THE NEW IDRIA CASE REDIVIVUS .-Some time ago the New Idria Mining company made application to the Secretary of the Interior to have their case (a claim to the mining property at present held by them) reopened. Secretary Schurz referred the matter to the Attorney General for his opinion as to whether there was any law com-pelling him to reopen the case, and Ex-Sena-tor Stewart appeared for the company, and Hon. Montgomery Blair for Mr. McGarra-han, opposing a reopening. The Attorney General has not officially rendered his deci-sion, but it is reported that he will advise against a re-opening.

CHARGES AGAINST DR. WOODWORTH .-The President has referred to the Treasury department for investigation charges which have been brought to his attention in writting against Supervising Surgeon Jno. M. Wcodworth, in charge of the Marine hospital service. They are made by ex-officials of the bureau of which Dr. Woodworth is the head, and allege that the latter, in violation of law has been receiving double compensation from the government. One of these charges is that he received the extra pay provided by the government for an arricle to his report the government for an article in his report two years ago on the cholera in seaboard ports. Another is that he received unlawful mileage, &c. There are other minor charges covering a good deal of ground. An investigation will probably be made as soon as Secretary Sherman returns, and in the meantime Dr. Woodworth's friends say that he will be able to satisfactorily explain them or refute them altogether.

[Special Dispatches to the Evening Star.] MARTINSBURG, July 29, 6:15 a. m .- At this early hour the railroad yard is all alive with work men and soldiers, and the engines, numbering about 75, are all fired up and making ready to leave with trains. The military are yet on duty here, and along the line, and as each train is prepared a guard will mount A Train Stoned by Canal Strikers

This morning, about 2:45 o'clock, a dispatch was received from Capt. Curtis, who. with a guard, left on the train yesterday, dated at Keyser, stating that a large crowd stoned the train at Sir John's Run, but did ne damage. The stoning of the train was by canal boatmen, who were not allowed to

Threatening Attitude of the Strikers MARTINSBUAG, W. VA., July 20, 10:25 a. m - Crowds are reported at Cumberland, Keyser, Grafton, and Wheeling. That at Cumberland is largely composed of canal men. These met the west bound train about by misn the engine to ren off, but no damage was On receipt of this information Gen. French telegraphed to Major Curtis, who is conveying the train, to protect it at all hazards. There are not many strikers about the railroad here, and they are generally quiet. Threats have been overheard that they intend to rest while the troops are here, and tear things as soon as they leave. Already six trains have left-two eastern and four western. The first train westward carried a guard in charge of Lieut. Howard.

At Cumberland a heavy rain was falling,

which cooled the ardor of the strikers. In case of severe trouble at Cumberland, it s said the officers in command will be at a loss to determine what course to pursue in resisting attack, as the President's proclamation gives them no authority to preserve the peace in Maryland.

Torpedoes on the Track Near Keyser a number of torpeloes were removed from the track.

Gen. French's Order. MARTINSBURG, W. VA., July 20, 11:17 a m .- Gen. French has issued an order, reciting that due notification had been given by the President's proclamation to persons concerned in the interruption of travel, that whosoever persists in such interruption does so at his peril. This order was promptly transmitted all slong the line, and doubtless will have a good effect.

Arrest of 1wo Ringleaders. The excitement here has subsided to such an extent that the arrest of two parties by a detail of the Matthe ws Light Guard, as ringleaders, this morning, caused no exciteme whatever. [BY ASSOCIATED PRESS.] All Quiet at Keyser.

KEYSER, W. VA., July 20, 2:10 a. Freight trains are arriving here from Marlinsburg, and as they come in the firemen are taken off. Thirteen United United States soldiers came with the first train. There is no disturbance yet. [Note.-A special from Keyser last night stated that the strikers there were defiant

and assured yesterday, and would not per-mit even the shifting engines to be moved in the shop yards.] The Attack on the Train at Sir John's

MARTINSBURG, W. VA., July 20, 9 a. m.— The fact that the west bound freight train which left here yesterday afternoon was stoned at S'r John's run was not disclosed till this morning. The fireman, Zepp, was struck, but was only slightly injured. The attack is not attributed by the railroad offi-cers as a result of the strike, but is supposed to have been made by canal boatmen who have been in the habit of riding on the freight trains, which privilege was denied them on that train. There were some torpedoes placed on the track near Keyser, but they could do no harm.

Trains Going Out from Martinsburg Trains began to move at 7 o'clock. The first one westward took a detachment of troops, under command of Lieut. Howard. There appears to be little difficulty thus far in obtaining men to work the trains, and some of the strikers have applied to be reinstated already. Three trains have gone east and three west.

The Strikers Tap the Telegraph Wires. GRAFTON, W. VA., July 26, a.m.—The strikers held a meeting here last night, and resolved to send assistance to their comrades small squads of U. S. troops have been sent to guard a train just arrived. The strikers here are one hundred strong, and are entirely beyond the control of the civil authorities. The telegraph wires have not been cut at any point between Martinsburg and W heeling, as reported, but the wires have been tampered with by the strikers, who have among their number some men who are operators. It is known that they have tapped the wires to get information of the plans devised to circumvent them.

Gen. French's Proclamation.

MARTINSBURG, W. VA., July 20, a. m.—
The following proclamation has just been issued by Gen. French:

troops from this place are being sent by a special train to that place. The strikers at Keyser are collected in large force, numbering about 200. The small guard of ten men that arrived there this morning in charge of the first train from Martinsburg, is insufficient to cope with the large body of strikers and aid is requested.

The War Transferred to Keyser. KEYSER, July 20 .- The strikers are in lorce at this point and the dozen U. S. troops that came up on the freight train are powerless to do much more than to protect themselves from the mob.

Eight Trains Out from Martinsburg. MARTINSBURG, July 20 — Trains com-menced to move from here at 7 o'clock this morning, in charge of small detachments of U. S. soldiers, and will continue to depart as rapidly as the engines can be got ready to draw them. There are plenty of firemen and engineers at Martinsburg who are ready and willing to run the trains, now that they are assured that they will have protection while discharging their duties. Large numbers of strikers are to be seen along the railroad in the vicinity of the depot, but they are not permitted to get near enough to offer any obstruction to the movement of trains. Gen. French this morning issued imperative orders directing that all persons should be kept at a distance from the depot and from the vicinity of operations, no matter whether their intentions were friendly or hostile Eight trains have been dispatched from Martinsburg up to eight o'clock this morning, and the work of removal is rapidly going on without serious bindrance. Other trains are being made ready.

The Matthews Guards. BALTIMORE, July 20.—The Cumberland News of yesterday says of the Matthews guards, of Virginia: "The company numbered some fifty muskets, borne for the most part by quite young men without drill or descipline, and we doubt not the strikers could have made good their promise to 'clear the company out in five minutes, if they had undertaken to interfere."

The Situation at Wheeling. WHEELING, W. VA., July 20.-The ex-citement caused by the Baltimore and Ohio railroad strike has not yet subsided. There has been no violence attempted here, though a party of railro id men who came here from Steubenville to fill the place of the strikers were warned off at the peril of their lives.

The strikers are quiet but determined. The Strike About Over-Perhaps A dispatch from Col. Delaplaine to Gov. Matthews advances the opinion that the cohesiveness of the strike is broken, and that in all probability the disturbance will be terminated to-day or to-morrow. Arresting the Leaders at Martins-

burg. MARTINSBURG, July 20, 11 a. m .- Up to this time thirteen trains have been started from this point, of which seven have gone west and six have gone east. The last west-ward train took another detachment of troops, which will go as far as Keyser. The service of the Wheeling militia has ended, and they will probably leave this afternoon. Officers are Low out for the purpose of arresting some of those most prominently engaged in the obstruction of the trains. man named Davis has been arrested this morning. Other arrests will follow as fast

The Situation This Afternoon MARTINSBURG, July 20, 1 p. m.—One of the trains which left for the west this morning was cut off at Sir Johns Run. After a short delay it was coupled up and went on. Captain Litchfie'd has gone on with two companies of troops to prevent a repetition of the act, and with orders to arrest those engaged in it. No further interference at that point is apprehended. THE STRIKE ON THE PENNSYLVA.

NIA ROAD. Governor Hartranft Asked to Call Out the Military. PITTSBURG, PA., July 20.—It has just been learned from a reliable source that Sheriff Fife, of this county, has telegrapeed Gov. Hartranit of his inability to suppress the rioters in possession of the Pennsylvania railroad tracks, and asked him to use his arthority in the premises by calling out the

military for that purpose. Strikers Defying the Sheriff at Pitts-burg.

PITTSBURG, July 20.—At 12 o'clock last night Sheriff Fife, in compliance with a re quest from the railroad officials, visited the strikers at 28th street and ordered them to disperse. This they refused to do. The sheriff remained there until after 3 o'clock this morning, but his authority was defied. He was informed that trains should not go out it they could prevent it, and that they did not care for any posse that he could muster, nor troops that could be brought out. Finding that the strikers were not disposed to yield

obedience to civil authority, the railroad

officers decided to call upon the military for assistance. The Call for Troops

The following dispatches were at once for-warded to Lieutenant Governor Latta and PITTSBURG, July 19 -Hon. John Latta. Licutement Governor, Pennsylvania:—I have forwarded the following dispatch to his Ex-cellency Governor Hartranft, at Harrisburg Hearing that he is absent from the state, forward it also to you for such action as you proper. [Signed]— R. H. FIFE,
Sheriff of Allegneny county.

The following is the dispatch above alluded to: PITTSBURG, July 19 .- Hon. John A. Hartranft, Governor of Pennsylvania, Harrisburg. Pa .: A tumult, riot and mob exist on tue Pennsylvania railroad at East Liberty and in the i2th ward of Pittsburg. Large assemblages of people are upon the railroad, and the movement of freight trains either east or west is prevented by intimidation and violence, molesting and obstructing the engineers and other employes of the rail-road company in the discharge of their duties. As the sheriff of the county I have endeavored to suppress the riot and have not adequate means at my command to do so, and, therefore, request you to exercise your authority in calling out the militia to sup-

Great Expectations of the Strikers. PITTSBURG, PA., July 29.—Gov. Hartrauft has issued his proclamation. It is now being printed in the form of handbills, and will be distributed among the strikers and posted along the road. But one freight train has been allowed to go out since yesterday, and the moving of that train was due to the strategy of the railway officials. At East Liberty stock yards there are 150 carloads of cattle, hogs and sheep ready for shipment, and 100 carloads are expected to arrive today from the West over the Pittsburg, Fort Wayne and Chicago railroad. Th stock loaded yesterday for shipment had to be unloaded in the evening. It is believed here that if the Pennsylvania railroad men hold out till noon to day the Panhandle and Fort Wayne men will join the strike. The strikers say that in case the men of these roads join them, the men of the Michigan Southern and Lake Shore railroads will do likewise, and thus a strong effort will be made to stop all freight traffic between the cast and west, and thus bring the railroad companies to terms.

THE STRIKE STILL SPREADING The Erie Road in Trouble.

EAST BUFFALO, N.Y., July have been received here at the Erie railway shipping office to take no stock for shipmen east to-day, on account of a railway strike in the vicinity of Hornelisville. The stock shipped yesterday, it is reported, will go through. On the trains reaching Hornellsville this morning the men quietly quit them, and there were no relays to carry them on, but there is no demonstration. Rumors are rife of similar trouble on the Lake Shore road, at Cleveland. All is quiet in this sec

Latest from Hornellsville.

BUFFALO, N. Y., July 20.—At one o'clock this morning the firemen and brakemen on trains of the Buffalo, Western and Susque banna division of the Eric railway quit work. At Hornellsville all the trains are tied up, the strikers allowing neither freight nor passenger trains to move. Up to latest accounts no riotous demonstrations were attempted against the company, and the officials are taking measures to suppress the difficulty. The strikers say the reason for the outbreak is that Mr. Bowen has broken his promise, but it is learned from good authority that no promise was made.

Meeting at Horneltsville. New York, July 20.-At the Eric offices to day Assistant Receiver Sherman said a meeting of few per ons, claiming to represent firemen and brakemen, was held at Hornellsville last evening, at which the strike was resolved upon. The engineers had not joined the movement. The strike was led, according to present information, by a man who was formerly a brakeman in the company's employ, and was believed to be instigated by the strikers on the Baltimore and Onio railroad. Mr. Sherman said that no disturbance had een reported at Hornellsville, and that the strike appeared to be confined to that point. As the company had two lines to Buffalo, it was thought there would be no serious interruption of traffic. The trains on the eastern division of the road were running regularly.

The Situation in Ohio To-day. COLUMBUS, OHIO, July 20, 1:35 p. m.—The blockade of the trains at Newark in consequence of the strike on the Baltimore and Ohio railroad continues. No freight trains have been permitted to go out thus far. WESTWARD THE STRIKE TAKES

ITS WAY.

Trouble Brewing on the Union Pacific OMAHA, July 20 .- About 300 employes of the Union Pacific railroad held a meeting here last night for the purpose of discussing the recent reduction of from 5 to 10 per cent. in their wages. A committee was appointed to confer with Superintendent Clark, and the meeting adjourned to Monday night. HOWARD'S VICTORY OVER CHIEF The Indian War Virtually Ended SAN FRANCISCO, July 19. A dispatch from

Portland, Oregon, of this date says: Capt. J. C. Ainsworth received to day the following private dispatch from Capt. Babbit, dated Fort Lapwai, July 17th, via Walla Walla the 19th: "Since the rough handling which Joseph and White Bird received from Gen. Howard the war seems virtually ended. The Indian were badly whipped and thoroughly de moralized by the heavy stroke they received and are said to be divided in opinion and quarreling among themselves. Small par-

ties are constantly breaking away from the

main band and coming in and surrendering themselves to Gen. Howard. From most reliable information it is certain that THE INDIANS HAVE LOST HEAVILY. I have been ordered here with Col. Weeks for the purpose of equipping a new column to be employed merely for observation in the Spokane country. Gov. Chadwick sent a dispatch to-day to the President, asking him to suspend the order recently issued to Major Connoyer, Indian agent, to gather the indians into the Umatilla reservation. The Indians who are peaceful declare they will fight if the order is carried into effect. THE FOLLOWING SPECIAL DISPATCH from General Howard's camp, dated 17th, via Walla Walla, 19th, has been received: On the 16th Red Heart, a Nez Perces chief. with 16 warriors from Joseph's and Look ingglass' bands, and 23 warriors and children, surrendered themselves to General

were told that they would be tried; that murderers of white men and outrages of women must be punished. JOSEPH DID NOT SURRENDER. as he proposed to do, but instead started for the Buffalo country with other hostile chiefs.
The prisoners had but two guns and no ammunition or supplies. It is thought by some that the party who surrendered got separated from Joseph, and were left without horses, arms, and supplies, and therefore were compelled to surrender. On Monday, the 16th, all the men that General Howard

could mount were sent in PURSUIT OF THE FLEEING HOSTILES.
They were about 24 hours ahead of the troops. Prisoners say Joseph's men are getting short of ammunition; that Joseph and White Bird had quarreled, and they would likely separate their forces. The following

Elizabeth Struck by a Tornado.

ELIZABETH, N. J., July 20.—Last night a tornado struck a portion of this city, firstaking a northeast and then a westward course, extending not more than 300 feet in width. It tore down numerous small buildings, demolished four large barns, sent large sections of roofing flying hundreds of feet away, tore off tree-tops, raised a number of roofs, and lifted a colored woman ten feet from the ground. Chimneys, fences and sloops were demolished and doors twisted from their hinges. In some respects the storm was of the nature of a whirlwind. The damage is considerable, but no person is known to have been hurt. Another Broken Bank

LONDON, July 20.—A dispatch from Pavlo o the Daily News says: "The Czarewitch's es iquarters crossed the Yantra on Wedeeday, in preparation for an advance on he river Lom and the investment of Rustchuk. Half of the fourth corps, numbering probably 12,500 men, will cross the Danube and advance towards the Balkans. The fifth division of the ninth corps goes to Tirnova; and will also form part of the Balkan advance.

vance. CONFESSIONS OF A TURKISH PRISONER. Hassan Pasha, commandant at Nikopolis, who is a prisoner, had an interview with the

Czar on Tuesday. He said when he capitu-lated, his ammunition was all gone and he had been obliged to kill three or four soldiers with his own hand for neglecting their duty. The Russian Leaders Don't Agree.

A letter from Paris to the Times says. "It is now known beyond all doubt that there are two parties at the Czar's headquarters. The one headed by Prince Gortschakoff desires matters not to be pushed to extremes. but that after a substantial success Russia should be satisfied with imposing, under European guarantee, conditions virtually freeing the christians from Turkish rule, such as Turkey previously rejected. The other party, headed by Gen. Ignatieff and Prince Tcherkasski, urge a definite settlement of the Eastern question to be declared in Constantinople. The conditions already determined upon by this party are the cession of Kars. Batoum and a portion of Bessarabia, the Dardenelles to be either opened or closed to every power indiscriminately. Turkey to be prohibited to possess a fleet and Bulgaria, Roumelia, Servia, Roumania, Bosnia and Herzegovina to be independent. Those who know exactly the state of things say the supreme bour for an attempt at me-diation has arrived, and that when once Rustchuk is in Russia's hands it will be too late to influence the Czar in a pacific sense.
